At last, after 25 days...

BSY Cabinet Formed

Governor Vajubhai R. Vala administering the Oath of Office to (from left) Govind Karjol, K.S. Eshwarappa, Jagadish Shettar and R. Ashoka at a ceremony held at the Raj Bhavan in Bengaluru this morning. Chief Minister B.S. Yediyurappa is also seen.

Bengaluru, Aug. 20 (KMS& DM)- Twenty-five days after being sworn-in as the Chief Minister, following the collapse of the JD(S)-Congress Government, CM B.S. Yediyurappa (BSY) inducted 17 members into his Cabinet at Raj Bhavan here this morning.

The Ministers inducted are: Jagadish Shettar (Hubballi-Dharwad Central MLA), a former Chief Minister; K.S. Eshwarappa (Shivamogga City) and R. Ashoka (Padmanabha Nagar), both ex-Deputy Chief Ministers; Laxman Savadi, who is not a member of the Assembly or Council; H. Nagesh, an Independent MLA from Mulbagal; MLC Kota Srinivas Poojary; Govind Karjol (Mudhol); Dr. C.N. Ashwath Narayan (Malleswaram); B. Sriramulu (Molakalmuru); S. Suresh Kumar (Rajajinagar); V. Somanna (Govindarajnagar); C.T. Ravi (Chikkamagalur); Basavaraj Bommai (Shiggoan); J.C. Madhu Swamy (Chikkanayakanahalli); C.C. Patil (Nargund); Prabhu Chauhan (Aurad) and Shashikala Jolle (Nippani), the only woman Minister.

Prabhu Chauhan, Madhuswamy, Dr. Ashwath Narayan and Shashikala Jolle are the only new faces in the Cabinet, while all others except Independent MLA Nagesh, had served in the previous BJP Government that ruled the State from 2008 to 2013.

While Kalaburagi, Koppal, Raichur, Ballari, Yadgir, Davanagere, Vijayapura, Haveri, Bengaluru Rural, Dakshina Kannada, Kodagu, Mysuru, Chamarajanagar, Hassan, Mandya and Uttara Kannada have no representations, districts such as Chitradurga and Udupi are under-represented with Sriramulu representing Chitradurga and MLC Kota Srinivas Poojary representing Udupi.

The coastal districts of Dakshina Kannada and Udupi which gave the BJP 12 out of the 13 seats and Uttara Kannada which gave a boost to the BJP have been given a raw deal.

There were speculation that S. Angara, who has won from Sullia (SC) seat in Dakshina Kannada district for a record six consecutive times, would definitely make it to the Cabinet. But, that was not to be, as Angara, despite having the credentials was left out.

Haladi Srinivas Shetty, a five-time MLA from Kundapur, too failed to make it into the Cabinet. Shetty had quit BJP after he failed to find a berth in the earlier BJP Government headed by Jagadish Shettar.

(See CABINET on page 8)

The 17 Ministers are

1. Govind M. Karjol
2. Dr. C.N. Ashwath Narayan
3. Laxman S. Savadi
4. K.S. Eshwarappa
5. R. Ashoka
6. Jagadish Shettar
7. B. Sriramulu
8. S. Suresh Kumar
9. V. Somanna
10. C.T. Ravi
11. Basavaraj Bommai
12. Kota Srinivas Poojary
13. J.C. Madhu Swamy

...but protests erupt at Chitradurga

Chitradurga, Aug. 20- Even as BSY inducted 17 members into his Cabinet, protests erupted at Chitradurga town as BJP workers came to the streets demanding a Cabinet berth for senior Party Legislator G.H. Thippareddy.

Supporters of Chitradurga MLA Thippareddy, who gathered at Gandhi Circle in the heart of the town, turned violent and set ablaze a motorcycle. The protestors also blocked the busy Bengaluru-Pune Highway for sometime that severely disrupted traffic movement, before the Police dispersed them with a mild lathi charge. Police have taken more than 20 persons into custody, it is learnt.

Behave to behove

If the animals of all kinds and inanimate objects such as mountains on Mother Earth were endowed with the faculty of speech, we would be hearing them telling the people at large that their *behaviour* towards themselves doesn't *behove* them and more so their behaviour towards the speechless. A cursory reading of reports brought to our doorstep by dailies of all hues is all that one is required to do in order to trace the origins of human misconduct, namely the discord in the family resulting in feud and the all-too-familiar consequences, a common place scenario across the country. Factors such as physical and physiological stresses are known to impact human behaviour, but the question one is obliged to ask is: Who is behind such stresses? The answer has no ambiguity and should cause embarrassment to whoever responds to the question honestly. Causing hardship to *oneself* due to misdemeanour in the matter of behaving towards others is for the *individual* to bother. But, causing hardship to the community at large by behaviour that doesn't behove anybody in society is an area that should fascinate us and ponder over coarse correction.

Chroniclers have recorded episodes of misbehaviour of human beings in times long past among which wars fought *between countries* causing loss of life of innocent masses, which amounts to portray metaphorically the misbehaviour, read misconduct *between human beings*. Why people misbehave deserves to be analysed to be enlightened on answering the how of making people to behave appropriately.

The prescription of exercising vigil on human frailties such as greed, passion, jealousy, hatred, suspicion and anger is attributed to society's anonymous mentors of yore. Public speakers and spiritually-oriented persons also articulate reminding their listeners to adhere to good conduct enlarging their advisory to include tolerance and mutual respect embellished by behaviour. In this context, calls given by some individuals to look down upon people of one faith or the other, one creed or the other, one class or the other, sowing divisive seeds of hatred don't behove them, although some of them have claims to higher education. Mysuru too hosts such speakers and the society is required to be wary of such calls.

One view sourced to keen observers of human behaviour is that people are obliged to modify their *habits*, read behaviour to address the many consequences of *climate change*. In a manner of begging the question, can climate be blamed as the agency of its change? The cognoscenti knows *who* is the cause of that change and *how* the factor of behaviour is behind it.

EDITOR'S BOTTOMLINE

SHOULD WE STOP REPRODUCING?: ***Few in authority will say it, but India's — and our favourite neighbour Pakistan's — greatest social problem is our population. We have millions who are still poor. Children who still die of starvation. Women who give up their wombs to avoid menstruation so that they can keep their measly jobs, and epidemic deaths that blow us away. The recent child deaths in Bihar underscored only one thing: the relentless wretchedness and the monstrosity of life in India. There is no value to life here. India, Indians and the people of the wider subcontinent, may have the individual right to reproduce. But given their poverty and human development indices, should they have the privilege to reproduce anymore? Is procreation morally justifiable? The question applies to all classes, castes, religions and communities.*** *— Rahul Jayaram in Deccan Herald*

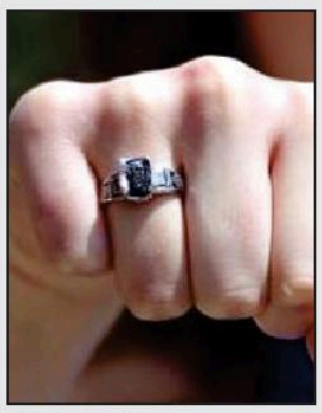
Man sells 'funky, old' prototype Nike shoes for $50,000

California: A man in California got $50,000 for his "funky, old shoes" that happened to be a pair of extremely rare prototype Nike running shoes from 1972.

Dave Russell of Sacramento said the shoes, now known as the Nike Waffle Racing Moon Shoes, were given to him at age 25 when he participated in the 1972 Olympic trials in Eugene, Ore.

Russell said the shoes spent years in a box in his garage, next to the Christmas lights. He said he only decided to sell them a few months ago, and received an offer from The Graduate Eugene Hotel, which is building a Nike museum in Eugene. He said he knew the shoes were worth some money, but he was shocked to receive such a large sum for his "funky, old shoes."

Woman reunited with class ring lost 40 years ago



Nebraska: A woman, who had lost her class ring 40 years ago in Nebraska high school bathroom was reunited with the item with the help of a radio show and a classmate.

Laura Jackson enlisted the help of a KHAS-AM radio show when she decided to find the owner of the Adams Central High School ring that had apparently been in her home for decades.

Willa Rundle heard the radio broadcast and contacted her daughter, Robin Schilling, who was a member of the same graduating class. Jackson and Schilling immediately had a suspect when Jackson revealed the initials on the ring were 'K.F.'

Kerry Jones, formerly Kerry Foelgner, said she had taken her class ring and a sweetheart ring from her then-boyfriend off while washing her hands. The ring was returned to Jones just in time for her 40-year class reunion.

Two-day workshop on Nutrition from Aug.23

Mysuru, Aug.20- The Department of Studies in Food Science and Nutrition, University of Mysore (UoM), has organised a two-day workshop titled *"From Nutrigenetics to Personalised Nutrition"* on Aug.23 and 24 at the Department premises in Manasagangothri.

Dr. G. Bhanuprakash Reddy, Head, Department of Ocular Biochemistry, National Institute of Nutrition, Hyderabad, will deliver the keynote address on the topic "Nutrigenomics-Opportunities and Challenges in India" at 9.30 am. Prof. Asna Urooj, UoM Food Science and Nutrition Department Chairperson and Convenor, will inaugurate at 9 am.

The session will also feature talks by Prof. N.B. Ramachandra, Chairman, Department of Genetics and Genomics, UoM, on "Genomics and its Applications," and Dr. Vimal Karani, Associate Professor, Hugh Sinclair Unit of Human Nutrition, University of Reading, United Kingdom, on "Fundamentals of Nutrigenetics."

On Aug.24, the technical sessions will begin at 9.30 with a talk by Dr. Geetha Dharmatti, Clinical Nutritionist, Geetha Nutriheal Consultancy and Chief Nutrigenomic Counsellor, Pune, on "Clinical Nutrition and Nutrigenetics,"; Janani Tamilvanan, Nutritionist and Director, Geneobe Wellness Centre and Institute of Nutrigenetics, Coimbatore, on "Translating Nutrigenetics to Personalised Nutrition" besides group discussions and hands-on training-demonstration of genetic testing in the Lab-PCR/genotyping and ELISA linked assays by Dr. Ramachandra and team and Dr. Asna Urooj and team.

Major thrust area of the workshop

Nutrigenomics and nutrigenetics are potentially of huge importance to the health care system and to understand the biology underlying normal homeostasis and disease.

Given that India currently represents 49 percent of world's diabetes burden, it is pertinent to prevent population from becoming overweight/obese, which is an important risk factor for development of diabetes, through genotype-based nutritional intervention (that is, personalised nutrition). This workshop aims to spread knowledge of nutrigenetics and personalised nutrition to participants who can use this workshop as a platform to develop their skills in genotype-based nutritional interventions.

Really...?

- ***The photographs we see are actually flipped, mirror images of ourselves. We are used to seeing ourselves in the mirror, and so our snapshots don't seem to look right. This has a lot do with the fact that most human faces are not symmetrical – one eye or ear might be slightly bigger than the other, or we may have a mark or mole on our faces. Some people part their hair on one side which is what they prefer, but the photographs show it flipped making the image look odd.***

Reminiscing
Freedom Struggle

Sir,

When I read the reminiscent of freedom struggle of Dr. M.G. Krishnamurthy in *SOM* dated Aug. 13 *(Tracing Mysore's Footprints of Freedom Struggle)*, I remembered my own experiences of pre-and-post-Independent days as I am 82-year-old now.

We stayed next to ex-Ministers late H.C. Dasappa and late Yashodharamma Dasappa. We have been witness to the change in late Dasappa after his visit to the Sevagram and meeting with Mahatma Gandhi. He was a lawyer wearing formal British dress till then and transformed to wearing simple clothes and doing gardening himself later, inspired by the Mahatma.

My father was then serving the Mysore State Railways as District Loco Officer and Works Manager of Railway Workshop. He was a dutiful Government servant but without his knowledge we, his children, were inspired by Mahatma Gandhi and fought in our own way towards Independence movement.

My brother, late B.N. Partha-sarathy, who was the Secretary of High School Students Union, led a band of students to instigate fighting spirit among youths by meeting in a place called "Tilak Sangha" in Vontikoppal every evening. He was a voracious speaker and had good support of Kogode Radhakrishna, Anandakumar, Subramanyam, Seetharamarao and others.

We, as young children, would go early in the mornings in groups called "Prabhatha Bheri" and shout slogans against the British. We were rejoiced at getting Independence and I still remember how we were shocked at the untimely death of Mahatma, glued to the radio hearing news.

After Independence, when Mysore State did not accede to the Indian Union due to the bad advices of late Ramasamy Mudaliar and late Thambu Chetty we shouted "Arcot boycott and Thambu Chetty Chatta Katti."

We were happy when Maharaja Jayachamaraja Wadiyar agreed to be a part of Indian Union. Now, as a Trustee of Bharathi Sthree Samaja Higher Primary School, when we hoist the National Flag, I remember how hard it was for the Indian Flag to go up in pre-Independence days. May we live worthy of Independent India. *Jai Hind.*

After cracks at Ayyappa Swamy Betta in Virajpet...

Cracks in Brahmagiri Hill worries people of Kodagu

Cracks found on Brahmagiri Hill in Talacauvery. Picture right shows the GSI team inspecting the Hill area for the cracks.

Madikeri, Aug. 20 (PS&DM)- A day after inspecting cracks developed at Ayyappa Swamy Hill in Virajpet, a two-member GSI (Geological Survey of India) team visited Brahmagiri Hill range in Talacauvery on Sunday, following reports that huge cracks had developed at several locations in the Hill range.

The GSI team comprising Sunandan Basu and Kapil Sharma inspected Brahmagiri Hill range and studied the hill's ecology, geology and geographical characteristics.

The team also got to know that the Forest Department had dug pits and planted saplings using heavy machinery, which may have caused loosening of the soil layer on the Hill range, leading to wide cracks.

Basu and Sharma also visited Korangala, where massive landslides were reported and studied about the reasons for such huge landslips.

The cracks on Brahmagiri Hill in Talacauvery, the birthplace of River Cauvery, the lifeline of crores of people along the river basin, has been a cause of worry for local people.

The residents have appealed the Government and the District Administration to take immediate measures to save Brahmagiri Hill range, which they consider as holy and also ecologically sensitive for its lush green cover.

The GSI team, after conducting a thorough study on all factors that have caused cracks in hillocks, is likely to submit a report to the Government on the measures to be taken.

Many Hills under threat of collapse

Meanwhile, many other hillocks elsewhere in Kodagu district are facing the threat of collapse, as cracks have reportedly surfaced in some of them.

After Brahmagiri Hill range in Bhagamandala, Ayyappa Swamy and Malethirike in Virajpet and Manipare Hillock at Thora village along the Kerala border, several other Hills too are said to have developed cracks, giving rise to serious concerns among local people.

Although the district has got a break from rains for the past couple of days, the people living near the hillocks still feel that their troubles are not far from over.

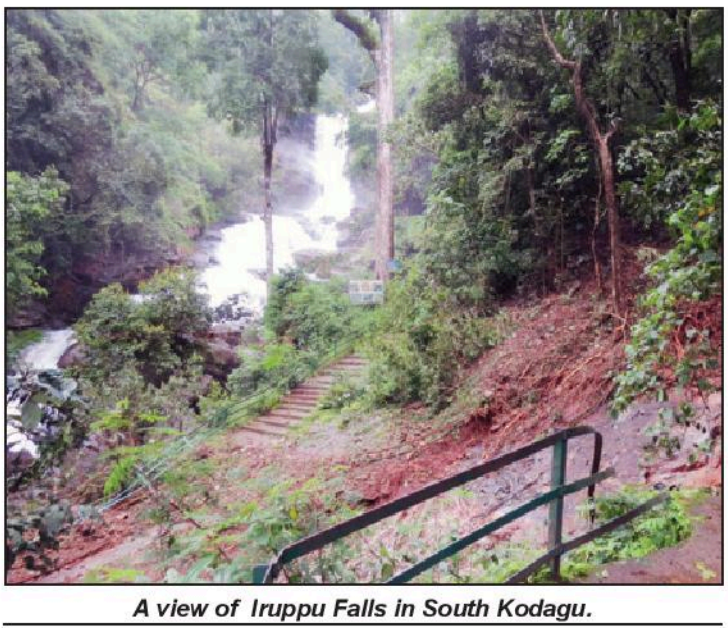
Many residents of Kodagu feel that this year's rainfall is the highest in decades and has similarities with the 1972 deluge, when rain caused havoc and untold misery. But then, there were not much causalities as the population was less and urbanisation was yet to pick up pace.

But this year, the damage has been extensive with many homes collapsing and hundreds of people taking shelter in relief camps set up by the District Administration.

The district is facing the deluge for the second successive year. Last year, the deluge had devastated the district to such an extent that it will take many years for reconstruction.

Following last year's rain ravage, a GSI team had extensively toured the district to undertake a detailed study of landslides and landslips. The GSI then had classified dangerous zones under four categories and had warned that villages coming under these zones could face nature's fury once again. As such, the District Administration had taken many measures on a war-footing to prevent casualties and damages to properties as much as possible.

Road to Iruppu Falls caves-in due to landslides



A view of Iruppu Falls in South Kodagu.

Ponnampet, Aug. 20- Even though the Iruppu Falls in Kurchi viiage, South Kodagu, is in splendour, the tourists are deprived of visiting the place as the road leading to the waterfalls has caved in owing to landslides in two different places on the stretch.

Tourists may not be able to witness the Falls for the next two to three months till the road is completely restored.

Also, the steps on the road leading to Iruppu Falls have been damaged and the hillock on the left side of the main entrance to the waterfalls has caved in.

Due to landslides, a trench has been created at a distance of 20 foot from the hanging bridge near the waterfalls and huge trees have uprooted nearby. The waterfalls viewing point is filled with slush. The local people opine that they are witnessing a landslide of such a huge magnitude for the first time in their life.

FAMILICIDE CASE

Omprakash's gunman Nagesh remanded to judicial custody

Cops take two other gunmen for interrogation

Mysuru, Aug.20 (RK&KS)- One among the three gunmen of Omprakash, identified as T.V. Nagesh, who had given his licensed .32 calibre pistol to Omprakash has been remanded to judicial custody yesterday.

Last week, Omprakash Bhattacharya, a businessman and entrepreneur from Mysuru, had shot dead his parents, wife and son on the outskirts of Gundlupet before pulling the trigger on himself using the pistol.

Gundlupet Circle Inspector H.R. Balakrishna, who is investigating the case, took Nagesh into custody on Saturday evening and after confirming that the pistol used by Omprakash to kill his family members and himself was that of Nagesh, formally arrested him on Sunday night.

Nagesh was produced before the Magistrate of Chamarajanagar District Court yesterday afternoon and has been remanded to judicial custody.

Sent to Bengaluru: Among the three gunmen, Nagesh was a close confidant of Omprakash.

Nagesh was sent to Bengaluru by Omprakash 10 days before the incident and was told to bring 10 pairs of pant and shirt, four pairs of shoes and one black and blue mixed coloured coat. Omprakash, who had told Nagesh to reserve a train ticket to Delhi, had cancelled the same and had reportedly told Nagesh to come directly to Gundlupet on Aug.16.

Financial transaction: It is learnt that Omprakash had told Nagesh to go to Subramanyanagar Police Station and meet the Inspector, who will enquire on Udayshankar, who was supposed to give him (Omprakash) his money and had asked Nagesh to call him and inform about it.

Omprakash had reportedly told Nagesh not to carry his pistol to Bengaluru besides asking him to keep the weapon in the dashboard of the car and he (Omprakash) would take care of it. Hence, Nagesh had kept his pistol in the dashboard before leaving to Bengaluru.

It is also learnt that Omprakash had given a room on the terrace of his house at Dattagalli for his gunmen — Nagesh of Hassan, Magesh and M. Prashanth of Bengaluru — to stay besides asking them to leave their pistols behind whenever they went to their places.

Two other gunmen in Police custody: As soon as Nagesh was remanded to judicial custody, other gunmen Magesh and Prashanth were taken into custody by Gundlupet Police yesterday afternoon and are being interrogated.

Verification of Bank accounts: The Gundlupet Police have begun to verify Bank accounts of Omprakash in HDFC, SBI and Canara Bank branches this morning. The Police are verifying the Bank statements and other Bank transactions made by Omprakash.

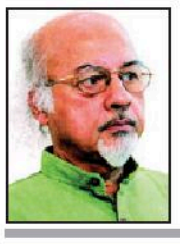
Congress did it then, BJP now



Point of VIEW

T.J.S. George

The Congress went dictatorial when Democracy was aglow with its initial patriotic zeal and Jawaharlal Nehru was an inspirational figure. Yet, Nehru became a silent participant in the molestation of Democracy.

It was left to Ambassador M.K. Bhadrakumar to point out something no one else had noticed — how the Congress had used State power to crush Democracy decades before the BJP rose to authoritarian heights and did the same. The Congress went dictatorial when Democracy was aglow with its initial patriotic zeal and Jawaharlal Nehru was an inspirational figure. Yet, Nehru became a silent participant in the molestation of Democracy.

Bhadrakumar was referring to the 60th anniversary of the historic *Vimochana Samaram* of Kerala in 1958-59. The newly created linguistic State had its first general election in 1957 and the Communists had come to power by popular vote for the first time in history. It sent shock waves across the globe, especially in the US where the cold war was a major policy plank, pursued as an essential means to destroy communism and save the world.

The elected Communists, led by E.M.S. Namboodiripad, did what was expected of them. Initiatives like land reforms and minimum wages were radical enough, but the Government seemed to get away with them. When it turned to education, the air caught fire. Official attempts to ensure better wages and working conditions for teachers in private schools and colleges should have been welcomed by all, but the effect was the opposite.

The main reason was that education had become linked with religion. Schools and colleges had become a profitable business for religious groups, especially Christian denominations. They wanted no government interference. The Communist government's attempt at interference was resisted immediately, the Catholic establishment taking the lead. The Nair Service Society and the Indian Union Muslim League joined them. The Congress Party provided the leadership in coordinating the campaign. Advice and funding arrived from the US.

"Until this day," says Bhadrakumar, "the US has imposed restrictions on declassifying the archival material pertaining to that period of Indian-American relations." Which can only be a part of bureaucratic stupidity. Two American Ambassadors to India, Daniel Patrick Moynihan and Ellsworth Bunker, recorded that the CIA was involved in the Kerala agitation. The net result of American involvement and local communal networking was that a powerful and effective mass agitation against the EMS Government started shaking the State. Popular emotions were expertly aroused, passionate slogans invented, revolutionary couplets recited by marching crowds.

Ultimately, though, it was Indira Gandhi's power mania that clinched the issue. An indulgent Nehru made her the Congress Party President (and we thought he was not a dynast) and her first priority was to let the world know of the authority the post commanded. The Kerala crisis came in handy and she plunged into it with a vigour that surprised her own husband Feroze Gandhi. With Prime Minister Nehru showing indifference, Congress President Indira Gandhi took direct interest in the agitation against the EMS Government. Her assuming the leadership meant the use of Central Government pressure on the State. She kept it up until, in July 1959, Delhi took the unusual step of dismissing the elected Government of a State.

Unbeknown to the outside world, Indira faced her severest critic right at the dining table in the Prime Minister's house where she was living then with her family. Feroze Gandhi used strong words to criticise her. He said she had joined hands with "caste monsters" in the State to undo a democratic election. "You are bullying the people. You are a fascist." A red-faced Indira got up and walked away from the dining table. Feroze wound up his residence in the PM's house and moved to a place of his own. Kerala had played a pivotal role in Indira's personal life and her development into the Emergency dictator.

Absolute power corrupts absolutely, as Indira showed then and the BJP is showing now. Just as the "liberation struggle" roped in the Socialists of the day, the BJP is witnessing birds of strange feathers flocking to its nest. From the Northeast to Haryana to Sikkim to Maharashtra, suddenly patriots are joining the BJP. That many of them face IT-CBI threats is a minor detail. Law always supports power. Hauteur adds a dimension of its own to the BJP's handling of power. Lord Acton's famous pronouncement went on to say that great men are almost always bad men. Our own experience shows that small men who become great men are evil men because they destroy the assumptions on which Democracy runs. What we have today is autocracy, undisguised.

City youth gets Sudha Murty's face tattooed on his chest

Mysuru youth Lokesh displaying the tattoo of Infosys Foundation Chairperson Sudha Murty on his chest to celebrate the philanthropist's birthday yesterday. Picture right shows the close up of tattoo done based on the photo (inset).

Mysuru, Aug. 20 (NNN)-There are many ways of displaying one's admiration to persons who become role models in one's life and a youth from the city chose to show it by tattooing the face of Infosys Foundation Chairperson Sudha Murty on his chest.

The youth, Lokesh, works as a cab driver for his brother's cars and he always found the speeches and words of Sudha Murty very inspirational and hence as a mark of devotion and respect, he got the photo of hers tattooed on his chest, on her birthday (Aug.19) yesterday.

"It is to celebrate her 69th birthday that I got this tattoo done on my chest. I am a great fan of Sudha *Amma*. I could not turn to anyone when I was in trouble. It was then I started following her speeches in print and on social media. She has done great social work and though many of her charity works are well-known there are so many lives she has influenced that does not come into the public eye. That is why I admire her a lot," said the thirty-one-year-old Lokesh.

A resident of JC Nagar Income Tax Layout, Lokesh, who dabbled as TV cameraman for a private channel for some time said that not only he was a fan of Sudha Murty but even his mother Honnamma followed the Philanthropist. "Whenever Sudha Murty appears on TV, my mother calls me and says look your *Amma* is there," he said.

Asked what impressed him the most about Sudha Murty, he said, "It is her benign smiling face and simplicity that drew me to her. She has so much of wealth, but she never flaunts it and instead displays only kindness."

On how he felt when he first met her in the Durbar Hall of the Mysore Palace during the birth centenary celebrations of Sri Jayachamaraja Wadiyar on July 18, 2019, he said that it was due to the efforts of a few photographer-friends that he was able to get entry to the Durbar Hall.

"Sudha Murty, on seeing the tattoo of her face on my hand, asked: Did it not pain when you were getting tattooed and all the time she had that beautiful smile on her face," he recalled.

To another question on how long it took for the tattoo on the chest, he said that it took seven hours. The first two hours were spent for cleaning and etching the face and the next five hours tattooing, while the tattoo on the right hand that was done sometime back took four hours.

The tattoo on the chest is done very well with the smiling face of Sudha Murty that is embraced by the hands, which reflects her giving nature. "The tattoo on the chest is different from the one I got done on my right hand. The tattoo on the hand shows Sudha Murty with one hand on her chin and the other on the table with her name Sudha Murty Amma, while the one on the chest shows her smiling with both hands embracing her and just the words Amma," added Lokesh.

The picture of the tattoo done on the hand, which Lokesh is showing to Sudha Murty during the birth centenary celebrations of Sri Jayachamaraja Wadiyar at the Palace Durbar Hall on July 18. In the inset is the photo of Sudha Murty based on which the tattoo was done on his hand.

Mysuru, Aug.20 (MTY&VNS)- District Administration celebrated the 104th Birth Anniversary of former Chief Minister late Devaraj Urs at a function held at Kalamandira here this morning.

Inaugurating the programme, Mayor Pushpalatha Jagannath remembered the contributions of Devaraj Urs for the welfare of Backward Communities and the State as well. She mentioned that every person must follow his footsteps and ideologies to grow as role models.

Earlier, the programme was inaugurated by offering floral tributes to the portrait of late Devaraj Urs. MLAs Tanveer Sait and G.T. Devegowda, Dy. Mayor Shafi Ahmed, ZP President Parimala Shyam, TP President Kalamma Kemparamaiah, ZP Vice-President Gowramma Somashekar, Deputy Commissioner Abhiram G. Sankar and SP C.B. Ryshyanth were present.

At City Congress Office

Meanwhile, Mysuru City and District Congress Committee, apart from celebrating the birth anniversary of Devaraj Urs, also celebrated the 75th birth anniversary of late Prime Minister Rajiv Gandhi at the City Congress Office located near the City Railway Station.

Speaking on the occasion, MLA Tanveer Sait remembered the contributions of both former Prime Minister late Rajiv Gandhi and former Chief Minister late D. Devaraj Urs for the welfare of Country and the State respectively.

"Rajiv Gandhi as Prime Minister launched various welfare programmes for the benefit of the people. Being a youngster, he gave prominence to IT and BT sector. Today, if the country has seen progress in this sector, it is because of the strong foundation laid by him. Not only IT and BT but he also gave importance to other sectors including Industries and Agriculture," he added.

Speaking about late Devaraj Urs, he said that the former CM was known for his administrative skills, backward classes welfare, providing land for the landless and introducing 20 point programme in the State.

Yediyurappa had a tight rope walk during the Cabinet expansion as he had to craft a perfect caste and regional balance, in view of a large number of aspirants. However, with no decision yet by the Supreme Court on the 17 disqualified Congress-JD(S) MLAs, whose resignation from the Assembly paved the way for the BJP Government in the State, BSY has kept 16 Cabinet berths vacant which are likely to be filled up at a later stage.

Out of the 17 Ministers, seven are Veerashaiva Lingayats — Jagadish Shettar, V. Somanna, Basavaraj Bommai, J.C. Madhu Swamy, C.C. Patil, Laxman S. Savadi and Shashikala Jolle, while CM Yediyurappa is himself a Lingayat.

The Cabinet has three Vokkaliga Ministers — R. Ashoka, Dr. C.N. Ashwath Narayan and C.T. Ravi; three Ministers from the SC community —Govind Karjol, H. Nagesh and Prabhu Chauhan and one each from Kuruba (K.S. Eshwarappa), ST (Sriramulu), Ediga (Kota Srinivas Poojary) and Brahmin (Suresh Kumar) communities.

Shashikala A. Jolle

The Hyderabad-Karnataka region that comprises six districts has just one Minister in Prabhu Chauhan who represents Aurad (SC) Assembly Segment in Bidar district.

Disqualified Congress Legislator from Gokak, Ramesh Jarkiholi, who triggered the collapse of the JD(S)-Congress Government, is said to have played a key role in the induction of Laxman Savadi, while also seeing to it that his political rival in Belagavi district Umesh Katti, who was perceived to definitely get a place in the Ministry, was kept out. Laxman Savadi had lost to Mahesh Kumtahalli of the Congress (now disqualified) from Athani Assembly segment in the 2018 Assembly poll.

Meanwhile, BJP MLA from Hosadurga Goolihatti Shekar, who also missed out, expressed his anger saying that he had made a mistake by joining the BJP.

Shekar, who was a Minister in the earlier BJP Government after having won from Hosadurga as an Independent candidate in the 2008 Assembly polls, skipped the swearing-in ceremony at Raj Bhavan, although he was in Bengaluru.

Likewise, more than a dozen BJP MLAs, who were keen aspirants of a Ministerial berth, too abstained from the swearing-in ceremony to register their protest for not considering them, it is learnt.

The portfolios of all the inducted Ministers are likely to be announced this evening.

At Hunsur

In Hunsur, which is the home town of late Devaraj Urs, the Taluk Administration celebrated the birth anniversary of the late former CM by garlanding his statue and samadhi. Disqualified MLA A.H. Vishwanath, Assistant Commissioner Veena, Dy.SP Sundar Raj and others were present.

He was speaking at the valedictory of Theatre and Folk Art Training Camp organised by Gauthama Shaikshanika mattu Samskrutika Seva Trust at Mini Theatre in Kalamandira premises here on Sunday.

Ashwin Kumar recalled that the Folk Festival held during Dasara last year in Talakad was a grand success and added that he would apprise the Government to stage the programme again which would give an opportunity to folk artistes of old Mysore Province to showcase their talents.

University of Mysore (UoM) Fine Arts College Principal Dr. C. Ramaswamy appreciated the interest shown by the students in extra-curricular activities through participation in the camp.

UoM Assistant Professor Dr. H.P. Jyothi contended that folk art was on the verge of extinction which should be revived.

Incessant rain
continues to haunt KPL

Bengaluru, Aug. 20- Incessant rain has been playing a spoilsport, especially for Mysuru Warriors, in this year's KPL. With two out of three matches being washed away and having lost the other match, the Mysuru franchise has a tough task ahead in order to qualify for the playoffs. Meanwhile, K.V. Siddharth justified Mysuru Warriors' decision to bat first in the day's second game with a blistering 49 not out to guide Amit Verma and Co to 82 for 1 in 11 overs against Belagavi Panthers before rain washed away their hopes of a maiden win. The teams ended with one point each.

Mysuru, who lost to Shivamogga Lions on Sunday, had witnessed an abandoned contest against Bengaluru Blasters in their opener. Having broken the trend of teams opting to bowl in the second game of the day due to rain, the Warriors got off to a flyer after losing D. Nischal early on. Zahoor Farooqui, the paceman, was the orchestrator of the first victim, but neither he nor the rest of the young bowling attack could do much against Siddharth under lights at M. Chinnaswamy Stadium.

Having scored 77 in his previous stint with the bat against Shivamogga Lions on Sunday, Siddharth stamped his authority with some belligerent off-side play. Amit Verma, coming in at one-down, was equally brusque in his response to Panthers' bowlers.

The duo added 65 runs for the second-wicket with Siddharth, a first-class regular for Karnataka, adding an unbeaten 49 and Amit Verma compiled 23 not out before rain forced the umpires, at 8.22 pm, to take the players off the field. As has been the case most evenings, rain failed to dissipate, and the match was called off.

In the earlier match, Devdutt Padikkal's stock continued to rise as the stylish left-hander smashed a vibrant half-century to guide Ballari Tuskers to a comfortable win over Hubli Tigers.

Padikkal, who continued to elicit comparisons to Yuvraj Singh for his wristy play, called on shots with elegance to race to 70 from 56 balls in guiding Tuskers to 163 for 8 from 20 overs.

The Tigers, in response, got off the blocks precariously, losing Mohammad Taha in the opening over. M. Vishwanathan's 30 raised the run-rate and hopes, but their run chase withered with the loss of regular wickets. Tigers finished their innings on 154 for 9 in 20 overs to suffer a 9-run loss, their second in as many games.

Brief Scores

Mysuru Warriors: 82 for 1 in 11 overs (K.V. Siddharth 49 not out, Amit Verma 23 not out) Vs **Belagavi Panthers.**

Ballari Tuskers: 163 for 8 in 20 overs (Abhishek Reddy 24, Devdutt Padikkal 70, Zeeshan Ali Sayeed 25; Aditya Somanna 2-28, David Mathias 2-35, Mitrakant Yadav 2-6) beat **Hubli Tigers:** 154 for 9 in 20 overs (M. Vishwanathan 30, Luvnith Sisodia 22, K.L. Shrijith 22, Praveen Dubey 28, R. Vinay Kumar 37; C.A. Karthik 3-19, Abrar Kazi 2-17).

Not yet received circular on free admission in colleges: Jt. Director of Collegiate Education

Mugeshappa

Mysuru, Aug.20 (MTY&DM)- Even as there are reports that the Government has issued an order asking all Government Colleges to provide admission to students from across the State who were displaced by the floods that ravaged the State, the Department of Collegiate Education here has denied receiving any such order so far.

Speaking to *Star of Mysore* yesterday, Joint Director of Collegiate Education R. Mugeshappa said that his office has not received any such circular from the Government so far.

However, the Department has written to the Principals of Government First Grade Colleges at Saragur and T. Narasipur in the district, which were partially submerged by floods, seeking a report on the extent of damages, if any, to academic records of students and other college documents.

Pointing out that based on the Principal's report, the Department will take necessary steps for re-generation of damaged/ lost records, Mugeshappa maintained that so far no Government College has received application seeking admission by flood victim students.

Stating that Mysuru, Kodagu and Chamarajanagar districts in Mysuru region were hit by floods, with Kodagu being the worst affected, he said that the Department will consider applications of all such students based on Government direction and will make provisions for admission at a Government College of their choice. However, most students from Kodagu, the worst affected district, prefer Mangaluru for Mysuru, he added.

The last date for admission to 1st PUC in flood-hit areas has been extended till Aug.23. Committees have been constituted to improve the infrastructure in education in the affected areas to be headed by the respective DDPUE with five Principals of Government and private colleges as members, according to the order.

Canara Bank holds senior officers meet

Discusses on making banking citizen-centric, senior citizen-friendly

Canara Bank Regional Office Assistant General Manager K.B. Geetha, Divisional Managers H.L. Satish, H.P. Giridhar and others seen during the meeting at the Regional Office of the Bank in Nazarbad on Saturday.

Mysuru, Aug.20 (MTY&NNN)- The Union Finance Ministry has directed the Banking sector to bring in reforms by making Banking citizen-centric as well as more responsive to the needs and aspirations of senior citizens, and others. In order to discuss on these issues, the Senior Officers of several branches of Canara Bank held a meeting at the Regional Office of the Bank in Nazarbad here on Saturday.

Regional Office Assistant General Manager K.B. Geetha, who chaired the meeting, said that the Banking sector was facing several challenges and it was important to find ways and means to tackle them. Hence, this meeting, a first of its kind consultation, was called where the branches were themselves asked to review their performance.

The meeting reviewed the Bank's performance and its alignment with national priorities such as credit support for economic growth, farm sector and economy, MSME (Micro, Small and Medium Enterprises) and MUDRA loans, education loans, Green Economy, Swachh Bharat, Direct Benefit Transfer, Less Cash/ Digital Economy, ease of living, corporate social responsibility, Jal Shakti, Export Credit to name a few.

As a result of the consultations, a number of the implementable and innovative suggestions came up on how PSBs (Public Sector Banks) in general and our Bank in particular, may improve heir performance and what the road map for the future should be, Geetha said.

These suggestions will be sent to the Zonal level for further discussions at SLBC (State Level Bankers' Committee) level, final consultations will be held at the national level to compare both intra and inter-bank performance and to finalise the suggestions regarding the way ahead for implementations across PSBs, she said.

The consultative process has resulted in a renewed sense of involvement and purpose down to the branch level and the Bank is geared towards implementing the roadmap for the future, improve its performance and align-itself to national priorities so that it may fulfil its mandate of partnering the Indian Growth story, said Geetha.

Divisional Managers H.L. Satish, H.P. Giridhar and Managers of different branches of Canara Bank participated.

Cash-strapped MCC to only take up priority Dasara works

Mysuru, Aug. 20 (OSR)- Does the Mysuru City Corporation (MCC) have money to spend for this year's Dasara? This question is bothering Mysureans as the festival dates are nearing and they are not seeing the annual and ritualistic colourful makeover of the city. They are only a witness to minor road works at some parts of the city.

With 39 days left for the Dasara grand spectacle to unfold, there are no signs of preparations for the world famous event. The 10-day festival is scheduled to begin from Sept. 29.

Following political developments and natural calamities, the Dasara High Power Committee meeting, which used to take place three months before the commencement of Dasara, was recently chaired by Chief Minister B.S. Yediyurappa.

With little time to prepare, most of the potholes-ridden roads in the surroundings of Mysore Palace, *Jumboo Savari* route and other prominent roads are yet to be asphalted. Also, broken ornamental balustrades on the *Raja Marga* have to be removed and replaced with new ones and facilities for tourists and visitors coming to city have to be made.

Most of the roadsides are dumped with construction debris and lack of cleanliness can be seen everywhere with garbage also being dumped on street corners. Most of the drains are clogged and sewage water can be seen flowing on roads.

If one takes the Outer Ring Road that connects many prominent roads, debris and garbage is found dumped on the roadsides with foul smell emanating from garbage heaps due to recent rains.

MCC sources told *Star of Mysore* that this year, only priority works will be taken up. Potholes on important stretches will be filled and painting of landmark structures and walls will be taken up. Sources said that the MCC was reeling under severe financial crisis as the government was yet to release funds.

The civic body is yet to receive Rs. 16.50 crore allotted for previous Dasara. Though the coalition Government had released Rs. 5 crore under Nagarothana Scheme, this money cannot be utilised for Dasara as per scheme guidelines.

In the last Budget, the then Chief Minister H.D. Kumaraswamy had announced a financial grant of Rs. 150 crore. But the MCC is yet to receive the money. Owing to non-release of funds, the MCC has not settled the bills of the contractors who worked for last year's Dasara. As the payment is not made, this year it will be difficult for the MCC to undertake works as the contractors may not come forward to do the works, sources added.

At the Dasara High Power Committee meeting, CM Yediyurappa has told the officials that owing to floods and landslides across the State, this year's Dasara will not be on a grand scale. He, however, told them to maintain the traditional character. Since the Government wants scaled-down celebrations, getting funds may not be an easy task, sources pointed out.

Primitive way of filling potholes!

Mysuru, Aug. 20 (RK&KS) - Though modern technologies are there to fill potholes, the Mysuru City Corporation (MCC) is still using primitive method — bricks and mud to cover gaping potholes. Following heavy and continuous rainfall in city, most of the roads are pothole-ridden. Instead of covering the potholes with jelly stones and then asphalting the area, the MCC workers and engineers are covering potholes using bricks and mud. This has raised the question of longevity of the filling. One more rain and it will open up again. Or the hole might cave in if a heavy vehicle passes on it.

Though the intensity of rain has reduced, rain water will again wash off the mud and bricks exposing the potholes again. This debris on the roadside will prove dangerous to motorists, especially two wheelers.

WORD OF THE DAY

Garniture

Pronunciation: GAHR-nih-cher.

Meaning: Embellishment, trimming; a set of decorative objects (such as vases, urns, or clocks).
Origin: In Middle French, garniture meant "accessory." It is an alteration of the Old French noun garneture, which is derived from the verb garnir, which meant "to equip, trim, or decorate." In fact, an Anglo-French stem of garnir, garniss-, is the source of the English verb garnish, which in its senses of "to decorate" and "to embellish" shares a similar relationship to garniture that the verb furnish shares with furniture. Furnish comes from the Anglo-French furniss-, a stem of the verb furnir or fournir, which also gave rise to the Middle French fourniture, the source of the English furniture.
Example: "Above the fireplace: a scene of a cow jumping over the moon, in an elaborate gilt frame. On the mantle below, we see a clock..., flanked by garniture sturdy enough to be a murder weapon out of Agatha Christie." — Rumaan Alam, Slate.

THE ODD WORD

Gabelle

A tax on salt.

PHRASE OF THE DAY

Get over it

Meaning: Don't concern yourself with something that's already in the past; accept it and move on to more productive pursuits.

Origin: We have been told to 'get over' our problems for centuries; for example, in Thirty-six Years of Seafaring Life, 1839, we have: "Such was his state, that no one supposed he ever could get over it." [an amputation]
Something changed in the USA in early 1990s though and 'Get over it' began to be used as a single sentence.
A pre-cursor to 'get over it' as a standalone phrase were a spate of articles relating to the USA's ongoing pre-occupation with the Vietnam War. In an article in the Kingston newspaper The Gleaner, October 1990 there was a report of a meeting between US Secretary of State James Baker and Vietnam's Foreign Minister Nguyen Co Thach. Following the meeting a diplomat said: "The Americans have a serious emotional problem when it comes to Vietnam and the war. They have to get over it."

Dr. Bhaskar to perform at Ganabharathi on Aug.24

Mysuru, Aug.20- City's renowned Neurosurgeon **Dr. M.S. Bhaskar** will present a Hindustani Classical Music at Veene Seshanna Bhavana of Ganabharathi at 6 pm on Aug.24. He will be accompanied by **Ramesh Dhannur** on tabla and **Deepak Nagannavar** on harmonium. The event is organised by Gayana Sabha, Mysuru.

Profile: The multi-talented Dr. Bhaskar hails from T. Narasipur where he was exposed to classical music from a very early age. His keen interest in music evolved into an obsession while he was studying medicine and developed an irresistible passion to undergo training in singing.

Initially, Vidwan S. Bhimarao imparted lessons in Karnatak music for a couple of years. This laid a strong foundation in young Dr. Bhaskar to develop a resonant voice and flawless singing.

Further, he came in contact with late Pt. Ramarao Naik, a stalwart of Agra Gharana. The maestro inculcated into him the intricate nuances of Hindustani music and particularly those of Agra Gharana. Though the medical career was very demanding, his unswerving devotion and perseverance towards music made him practice regularly. After the demise of his Guruji, the doctor continued his training from late Lalitha Ramanujam, a senior disciple of Pt. Ramarao Naik.

Dr. M.S. Bhaskar

Presently, he is in advanced training from yet another maestro Pt. Indudhar Nirody of Mysuru. Known for his soulful rendering of different genres of Hindustani music, Dr. Bhaskar has enthralled music-lovers at reputed platforms.

In addition to being a delightful maestro himself, he is very active in promoting Hindustani music by organising music concerts, lecture-demonstrations, workshops and many such similar activities. He is a close associate and the guiding hand of Music Sabhas like Raga Vaibhava Music Trust and Swarasankula Sangeetha Sabha in Mysuru.
